ROTAFACT

What is World Interact Week?

World Interact Week is celebrated every year during the week of 5th November to commemorate the founding of the first Interact club in 1962. World Interact Week is an excellent opportunity for clubs to publicize, promote, and inform the community about the great work accomplished by its members.

Founder of Interact

Committee Chairman Charles H. Taylor of Christchurch, New Zealand, played the greatest role in the creation and approval of the program through his insight, leadership, and extensive research. The program was named Interact, a combination of the words "international" and "action."

Purpose of Interact

The purpose of Interact is to provide opportunity for young people to work together in a world fellowship dedicated to service and International understanding.

THE WORLD

ROTAFACT

Motto of Interact Club

The basic principle of the Rotary Interact is to help others. Our motto is "service above self".

History

PLACE	CLUB NAME	YEAR
In World	The Interact Club of Melbourne High School, USA	November 1962
In India	The Interact Club of Chickmagalur, Karnataka	January 1963

THE WORLD
NEEDS MORE
#INTERACTORS

Is facebook safe?

Have you liked Carnegie Mellon Memes for Spicy Teens?

If so, Facebook knows about it. Facebook collects data from all of your activity, from likes to personal information to events you attend. Only recently, however, did we find out the extent to which this data is used to manipulate us. A recent scandal involving Facebook has revealed an unprecedented invasion of privacy that is raising a serious question of how we, as a society, are going to deal with data privacy.

According to The New York Times, it all started with Aleksandr Kogan, a Russian-American psychology professor at Cambridge University. Kogan received permission from Facebook to collect data for academic .

WHAT IS HAPPENING TO MOTHER EARTH?

Driven by rapid urbanization and growing populations, global annual waste generation is expected to jump to 3.4 billion tonnes over the next 30 years, up from 2.01 billion tonnes in 2016, the report finds.

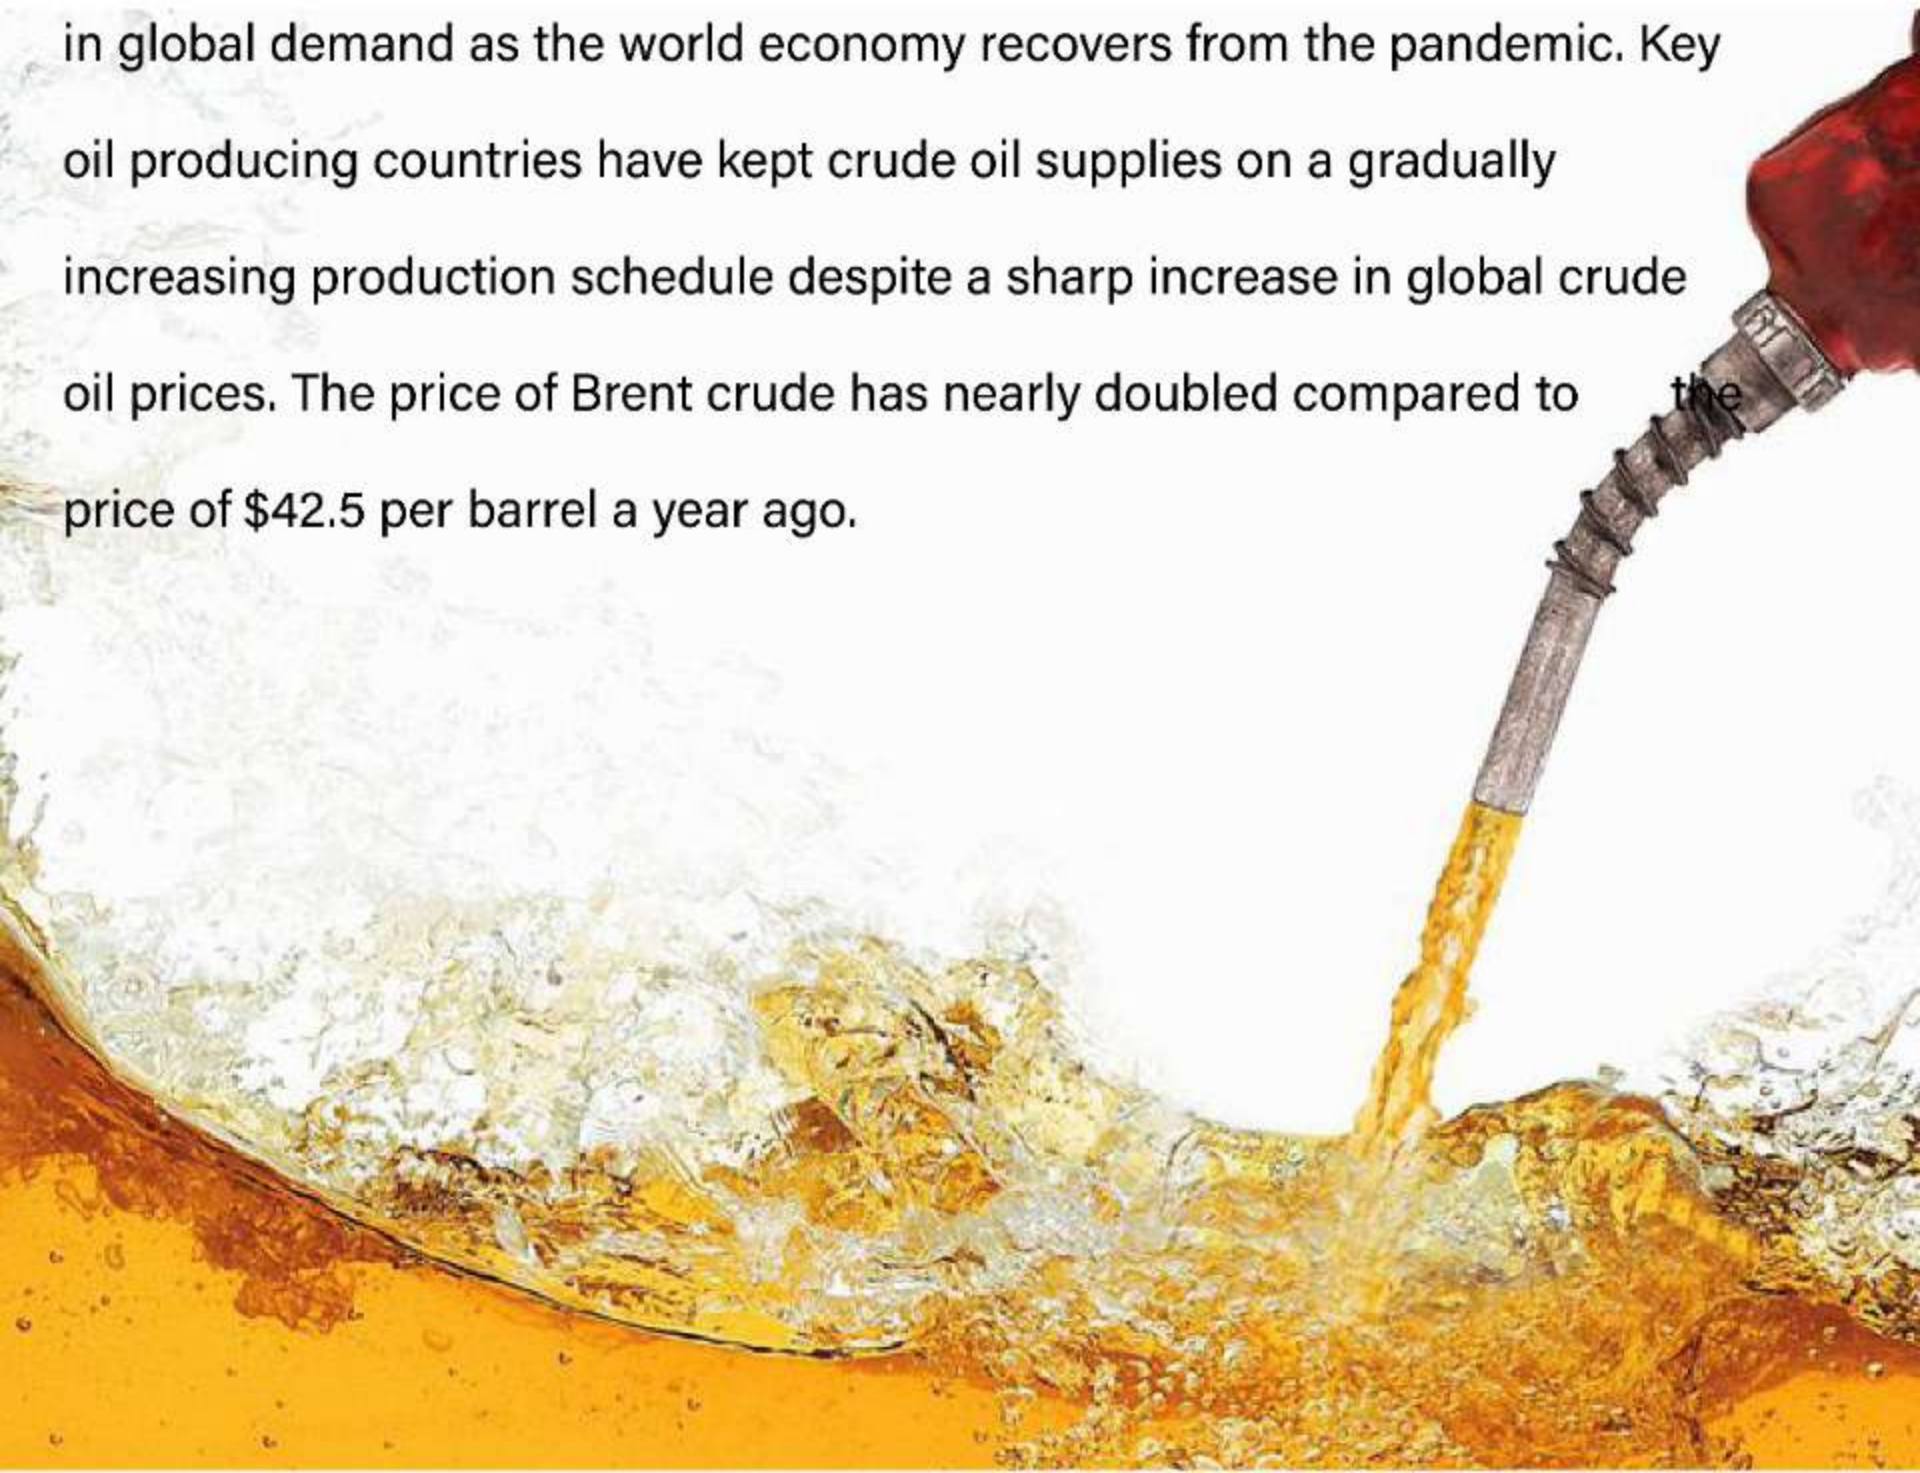

Although they only account for 16 percent of the world's population, high-income countries combined are generating more than one-third (34 percent) of the world's waste. The East Asia and Pacific region is responsible for generating close to a quarter (23 percent) of all waste. And by 2050, waste generation in Sub-Saharan Africa is expected to more than triple from current levels, while South Asia will more than double its waste stream.

Plastics are especially problematic. If not collected and managed properly, they will contaminate and affect waterways and ecosystems for hundreds, if not thousands, of years.

WHY FUEL PRICES ARE HIGH IN INDIA?

High crude oil prices have contributed to the prices of petrol and diesel regularly setting new record highs across India in 2021.

The price of Brent Crude breached the \$85 per barrel mark earlier this week reaching its highest level since 2018 on the back of a sharp increase in global demand as the world economy recovers from the pandemic. Key oil producing countries have kept crude oil supplies on a gradually increasing production schedule despite a sharp increase in global crude oil prices. The price of Brent crude has nearly doubled compared to the price of \$42.5 per barrel a year ago.

MODERN TECHNOLOGY OPENS DOORS FOR JOB OPPORTUNITIES

Career Builder conducted a survey in 2018 and found out that in that year, 70% of employers had developed a tendency of checking out candidates' profiles on social media before deciding whether or not to hire them

- 1.Social profiles are resumes- to some extent
- 2.Growth of talent communities
- 3.Makes it easy for employers to advertise open vacancies
- 4.Fruitful job referrals

Conclusion

Social media is a great place to showcase your talents and find employment. However, in order to appear professional online, you need to be very careful of what you post or comment online. A simple mistake can easily make you unemployable

THREE FARM LAWS TO BE ROLLED BACK

Farm laws: India PM Narendra Modi repeals controversial reforms

Indian PM Narendra Modi has announced the repeal of three controversial farm laws after a year of protests.

Thousands of farmers had camped at Delhi's borders since last November and dozens died from heat, cold and Covid.

Farmers say the laws will allow the entry of private players in farming and that will hurt their income.

On **19/11/2021** a surprise announcement marks a major U-turn as the government had not taken any initiative to talk to farmers in recent months.

What did the law offer?

- **The Farmer's Produce Trade and Commerce (Promotion and Facilitation) Act, 2020 or the FPTC Act**

This law allowed farmers to trade their produce outside the physical markets notified under various state Agricultural Produce Marketing Committee laws (APMC acts). It overrode all the state-level APMC acts.

THREE FARM LAWS TO BE ROLLED BACK

- **Farmers (Empowerment and Protection) Agreement of Price Assurance and Farm Services Act, 2020**

The law sought to create a legal framework for contract farming in Sections 3-12. The farmers could enter into a direct agreement with a buyer before sowing season to sell their produce at pre-determined prices. It allowed the setting up of farming agreements between farmers and sponsors. The law, however, did not mention the MSP that buyers need to offer to farmers.

- **Essential Commodities (Amendment) Act, 2020**

Through an amendment, to the Essential Commodities Act, 1955, this law did away with the Centre's powers to impose stock holding limit on food items, except under extraordinary circumstancesCbe Majestic & team.

Thank you!

HEALTH BENEFITS

The dietary approaches to stop hypertension diet, known as the DASH diet^{Trusted Source}, includes plenty of healthful foods for the heart. The following remedies help to maintain good health for heart,

- Eating plenty of vegetables, fruits, and whole grains
- Choosing fat-free or low fat dairy products, fish, poultry, beans, nuts, and vegetable oils
- Limiting saturated and trans fat intake, such as fatty meats and full-fat dairy products
- Limiting drinks and foods that contain added sugars
- Restricting sodium intake to less than 2,300 milligrams per day — ideally 1,500 mg daily—
- and increasing consumption of potassium, magnesium, and calcium

LIMIT
foods and drinks with
high amounts of sugars:
sugary snacks, candies,
oriental sweets, and
sugar-sweetened beverages

Eat at least
5 portions
of fruits and
vegetables
a day

At least
400g

ODYSSEY - 3201

We the TRIO - Rotaract Clubs of Coimbatore Majestic, Coimbatore

Unique and Western Valley hosted the INCOMING IDYE DAY 2

We hosted the fellow Rotaractors from **RID 3131** to Connor

Started our trip in the early from Coimbatore. Had a leisurely breakfast and commenced the trip. There is no OOTY without **TEA**. Had a great tea and resumed the journey. Enjoyed the chill weather and a lovely climate which made us to fell in love with that place. Spent a day with excellent sightseeing, boat rides, yummy food and whatnot. When the sunset we ended our trip and departed to Coimbatore.

"Hosting is always fun"

HOWDY

The team **Majestic** had a small meet up with our **DRRE Rtr. PP. kishore Babu** on 27/11/2021. The team had a conversation regarding the RI Dues and it's importance, upcoming events and it's impact on society, DRRE's advice for the Club etc

THE JOURNEY

Warm greetings Majestic,

I'm really excited to share a message for my debut club. From the start and till now, my club members have supported me both professionally and personally. My reason for joining Rotaract club was to build my network and do social services but i got way more than that, I made friends for life. I sincerely thank Rtr.Logeshwaran for introducing me to this club. I'm always grateful for Rac Cbe Majestic & team.

Thank you!

Regards,
Rtr. Manikandan
Chair - International Service

Around Us

● Fuel

Union Road Transport and Highways Minister Nitin Gadkari on 29/11/2021 said that his ministry is going to issue an order directing carmakers to introduce flex-fuel engines (that can run on more than one fuel) to reduce import of fossil fuels.

● World

Four people, who illegally entered an open cast mine which was not in operation and were feared trapped, excavated a route through the structure to return to safety in Bokaro early on Monday morning, officials said.

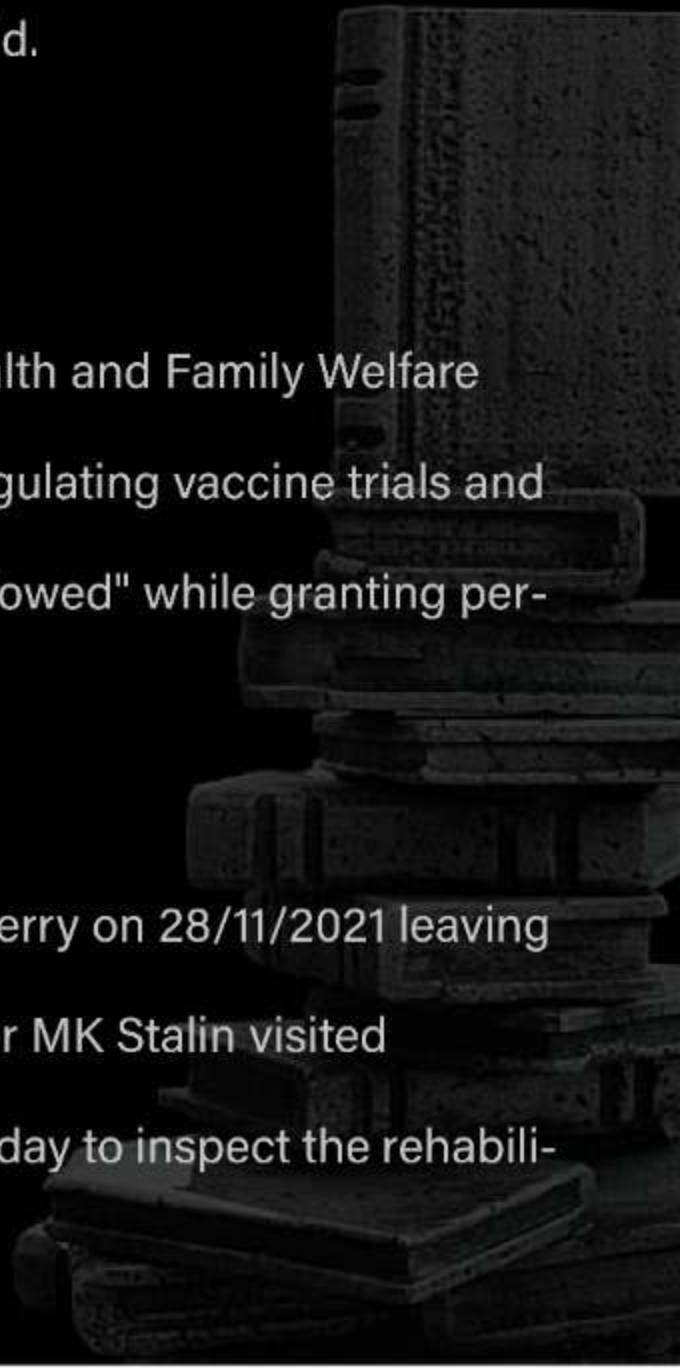

They were trapped for at least 30 hours.

● Covid Vaccine

In an affidavit filed in the SC, the Union Ministry of Health and Family Welfare said India has a robust statutory regime in place for regulating vaccine trials and that the procedure prescribed under it was "strictly followed" while granting permission to the two vaccines.

● Tamilnadu

Heavy rains continued to lash Tamil Nadu and Puducherry on 28/11/2021 leaving many areas flooded. Following Tiruvallur, Chief Minister MK Stalin visited flood-hit areas in Kanchi and Chennai districts on Monday to inspect the rehabilitation work there.
